Title: A Request

Author: King Talon Skyifre

Lord Tai,

My friend, I humbly
request that you permit
my son to study in Zento
from time to time under
the mentorship of you
and yours.

He can be undisciplined
and rowdy more often
than not. The discipline of
the arts of Zento will do
much to round him for
rulership. Specifically we
wishes to study ninjitsu.
Thank you once again.
